

Dear Parents,

Thank you for all the support we have received around our one to one iPad2 program. If you have not indicated which option you intend to take up by returning the iPad2 option form, please do so as soon as possible (even if you are purchasing outside the school). We need this information to track ownership.

All families are required to finalise any outstanding payments for your child's netbook, including lease payments and also repair costs before the end of term.

A reminder that there is **NO** expectation that iPad2's are purchased before February. For those families who have ordered their iPad2 through 'Designwyse' via the internet (Option 2) before December 2<sup>nd</sup>, your iPad2 will be delivered some time to school on Monday December 19<sup>th</sup>. Parents will be able to collect their iPad2 on Tuesday 20<sup>th</sup> from the office. **IPad's will only be issued to parents.**

On the following page, we have compiled a list of Apps that we would like downloaded on your child's iPad2 by time they bring their iPad2 to school. Importantly, if you have more than one child on the iPad2 program you will only need to purchase the apps once, you can then share the apps amongst other apple devices within your family.

A reminder that we will be taking every opportunity to use free apps throughout the year and do not plan on asking for extensive paid apps throughout the year.

In saying this, we remind you that we need your child to have access to an iTunes account that is **NOT** linked to a credit card in order to purchase free apps at school. For full details on apple terms and conditions please refer to <http://www.apple.com/legal/itunes/us/terms.html#GIFTS>.

Again, we thank you for your support and look forward to the amazing learning opportunities presented by this program.

Regards,

Lisa Stafford  
ICT Support Teacher  
Laurimar Primary School

## IPAD2 APPLICATIONS FOR STUDENT IPADS

National Geographic Society - World Atlas	\$1.99
Keynote	\$10.49
Pages	\$10.49
